Room 25

NEWS

PHONICS

We begin a new series of lessons every 5 days. Check the green folder for our new patterns. I will also glue a sheet with practice words into the agenda. Our spelling assessment is based on these phonics' patterns.

StEP STORE

We are participating in an economics program sponsored by the University of Cincinnati. Students can earn imaginary money over the course of the quarter. They can receive \$15 a day for attendance, good conduct and work completion.

They can spend, save or donate their earnings.

Room 25 attended the StEP store for the first time. We had our checks written with all of our earnings. I am happy to tell you that many of our students chose to donate a portion of their earnings to a local animal shelter.

Kindness Rocks!

See Signup Genius to register for a conference.

MATH

We began our chapter on addition strategies.

Here are a few strategies to practice:

- doubles, doubles plus one, minus one, doubles plus two, minus two
- turn around facts, make a ten then count on
- when adding 3 numbers -look for a fact you know, then add the third number

Keep practicing math facts.

SPECIALS

Monday - No School

Tuesday - MUSIC

Wednesday - ART

Thursday - PE, LIBRARY

Friday - MUSIC

Happy Birthday

Gwendolyn and Carter M - Oct 7th
and Oliver - Oct. 13th

WISHLIST ITEMS
